

Project Title: School Website Development

Objective:

Develop a comprehensive website for a school, incorporating key features and design.

Requirements:

1. Navigation:

- **Header Menu:**
 - Include links to Home, About, Academics, Admissions, Campus Life, News & Events, Blogs, Facilities, Careers, and Contact Us.
 - Implement dropdown menus for sections with subcategories (e.g., About, Academics).

2. Homepage:

- **Hero Section:**
 - Display a series of rotating banners with inspirational messages (e.g., "Shaping Minds, Nurturing Excellence").
- **Introduction:**
 - Provide a brief overview of the school, highlighting its mission and vision.
- **Statistics:**
 - Showcase key figures such as years of excellence, number of students, teachers & staff, and campus size.
- **Call to Action:**
 - Include buttons for "Read More" about the school and "Apply Now" for admissions.

3. About Section:

- **Subsections:**
 - About the School, Philosophy, Vision & Mission, Management, Awards & Honors.
- **Content:**
 - Provide detailed information about each subsection, emphasizing the school's values and achievements.

4. Academics Section:

- **Levels:**
 - Pre-Primary Level, Primary Level, Middle and Secondary Level, Senior Secondary Level.
- **Details:**
 - Describe the curriculum and programs offered at each academic level.

5. Admissions Section:

- **Information:**
 - Admission for the upcoming academic year, Admission Process, Apply Online, FAQs.

- **Online Application:**

- Provide a form for prospective students to apply online, capturing necessary details.

6. Campus Life Section:

- **Activities:**

- Co-Curricular Activities, Extra-Curricular Activities, Clubs, Societies & Tie-Ups.

- **Gallery:**

- Display images showcasing events, celebrations, infrastructure, and student life.

7. News & Events Section:

- **Updates:**

- Post recent news, announcements, and upcoming events related to the school.

8. Blogs Section:

- **Articles:**

- Share informative and engaging blog posts relevant to education, school activities, and student development.

9. Facilities Section:

- **Infrastructure:**

- Provide information about the school's facilities, including classrooms, laboratories, libraries, sports infrastructure, and other amenities.

10. Careers Section:

- **Opportunities:**

- List current job openings with descriptions and provide a way for applicants to submit their resumes.

11. Contact Us Section:

- **Contact Information:**

- Provide the school's address, phone numbers, and email addresses.

- **Enquiry Form:**

- Include a form for general inquiries, capturing the visitor's name, email, phone number, and message.

12. Footer:

- **Quick Links:**

- Include links to important sections of the website.

- **Social Media:**

- Provide icons linking to the school's social media profiles.

- **Contact Details:**

- Repeat the school's contact information for easy access.

13. Additional Features:

- **Responsive Design:**

- Ensure the website is fully responsive and functions well on various devices and screen sizes.

- **Accessibility:**

- Implement accessibility best practices to make the website usable for all visitors.
